

# Worksheet

## Investigate careers

This activity is designed to help you investigate three careers to help you work out if any of the careers could suit you.

If you have a Morrisby account, use the Morrisby website to explore the three careers you chose at the end of the last session; go to **My Choices > Careers**.

If you don't have a Morrisby account use **Explore Jobs** on the UCAS website (<https://www.ucas.com/explore/career-list>); choose three careers to investigate in **Explore Jobs** by selecting a job family then choosing a career.

For each career:

- Find out what you would do in the job
- Look at the what qualifications and/or experience you need to get into this role
- Check out what skills you need
- Consider where you could be working
- Use the links provided to extend your research
- Find out about salary on the Morrisby website or in the relevant NCS job profile: <https://nationalcareers.service.gov.uk/explore-careers>
- Record your findings, for each career, by answering the questions that follow.

### List your three chosen careers

Career 1:

Career 2:

Career 3:

Name: .....

### **What do you like about each career?**

Career 1:

Career 2:

Career 3:

### **What do you dislike about each career?**

Career 1:

Career 2:

Career 3:

### List some of the day to day tasks you would do in each career

Career 1:

Career 2:

Career 3:

### Which GCSE subjects, or equivalent, if any, are required or useful for entry to this career?

Career 1:

Career 2:

Career 3:

### Which A level subjects, or equivalent, if any, are required for entry to this career?

Career 1:

Career 2:

Career 3:

### If there aren't any required A level subjects, or equivalent, which subjects could be useful for entry to this career?

Career 1:

Career 2:

Career 3:

**Is there a specific skill or subject you would need to improve in to pursue this career?**

Career 1:

Career 2:

Career 3:

**Having researched this career do you think it would suit you? And why?**

Career 1:

Career 2:

Career 3:
